Zealot: The Life and Times of Jesus of Nazareth

A fascinating, provocative, and meticulously researched biography that calls into question everything we thought we knew about Jesus of Nazareth. Two thousand years ago, an itinerant Jewish preacher and miracle worker walked across the Galilee, gathering followers to establish what he called the "Kingdom of God." The revolutionary movement he launched was so threatening to the established order that he was captured, tortured, and executed as a state criminal.

Zealot: The Life and Times of Jesus of Nazareth

A fascinating, provocative, and meticulously researched biography that calls into question everything we thought we knew about Jesus of Nazareth. Two thousand years ago, an itinerant Jewish preacher and miracle worker walked across the Galilee, gathering followers to establish what he called the "Kingdom of God." The revolutionary movement he launched was so threatening to the established order that he was captured, tortured, and executed as a state criminal.

Zealot: The Life and Times of Jesus of Nazareth

A fascinating, provocative, and meticulously researched biography that calls into question everything we thought we knew about Jesus of Nazareth. Two thousand years ago, an itinerant Jewish preacher and miracle worker walked across the Galilee, gathering followers to establish what he called the "Kingdom of God." The revolutionary movement he launched was so threatening to the established order that he was captured, tortured, and executed as a state criminal.

Zealot: The Life and Times of Jesus of Nazareth

A fascinating, provocative, and meticulously researched biography that calls into question everything we thought we knew about Jesus of Nazareth. Two thousand years ago, an itinerant Jewish preacher and miracle worker walked across the Galilee, gathering followers to establish what he called the "Kingdom of God." The revolutionary movement he launched was so threatening to the established order that he was captured, tortured, and executed as a state criminal.

Zealot: The Life and Times of Jesus of Nazareth

A fascinating, provocative, and meticulously researched biography that calls into question everything we thought we knew about Jesus of Nazareth. Two thousand years ago, an itinerant Jewish preacher and miracle worker walked across the Galilee, gathering followers to establish what he called the "Kingdom of God." The revolutionary movement he launched was so threatening to the established order that he was captured, tortured, and executed as a state criminal.

Zealot: The Life and Times of Jesus of Nazareth

A fascinating, provocative, and meticulously researched biography that calls into question everything we thought we knew about Jesus of Nazareth. Two thousand years ago, an itinerant Jewish preacher and miracle worker walked across the Galilee, gathering followers to establish what he called the "Kingdom of God." The revolutionary movement he launched was so threatening to the established order that he was captured, tortured, and executed as a state criminal.

Zealot: The Life and Times of Jesus of Nazareth

A fascinating, provocative, and meticulously researched biography that calls into question everything we thought we knew about Jesus of Nazareth. Two thousand years ago, an itinerant Jewish preacher and miracle worker walked across the Galilee, gathering followers to establish what he called the "Kingdom of God." The revolutionary movement he launched was so threatening to the established order that he was captured, tortured, and executed as a state criminal.

Reza Aslan

Author of the #1 New York Times best seller

Zealot: The Life and Times of Jesus of Nazareth

A fascinating, provocative, and meticulously researched biography that calls into question everything we thought we knew about Jesus of Nazareth. Two thousand years ago, an itinerant Jewish preacher and miracle worker walked across the Galilee, gathering followers to establish what he called the "Kingdom of God." The revolutionary movement he launched was so threatening to the established order that he was captured, tortured, and executed as a state criminal.

Jewish Book Club

facilitated by UCLA Professor Charles Lynn Batten
A master teacher. Immensely popular and thought-provoking.

A deeply affecting six-generation family saga, extending from 19th century Greece and Poland to British-occupied Palestine and ultimately to modern Israel.

"Mr. Mani is one of the most remarkable pieces of fiction I have ever read and convinced me more than ever of A.B. Yehoshua's very great gift." — Alfred Kazin
